## Description

New Denver Terrain is a S3 SRC WRU protection class safety boot recognized mainly for its comfort. Developed with a water repellent nubuck leather, a breathable lining and an abrasion resistant double density PU sole significantly increasing the overall comfort of the shoe. Foot health and comfort are ensured by the fiberglass toe cap and flexible kevlar midsole making it a 100% metal free product. This product is incorporated Clima Cork System technology which regulates the temperature of the feet.

Safety boot ranging from size 39 to 48, New Denver Terrain is ideal for construction.
